

Thank you
to everyone
looking out
for their neighbours, and the
countless volunteers helping
people across North Yorkshire.

Please keep checking on people in your communities. Anyone who needs help with shopping, prescriptions and other essentials but doesn't have the support of family, friends or neighbours can contact our customer service centre.

Call **01609 780780** seven days a week 8am-5:30pm.

You can also find information online about other support including local businesses and supermarket shopping at www.northyorks.gov.uk/coronavirus. Always follow Government advice to stay safe.
